ARRIVAL

### Lanterns for Roads

They came at dusk with oil, mirrors, hooks, and a stubborn belief that roads should not surrender after sunset. I saw the first lamp lit beyond the nearest homes, then the second, then the third fading into distance.

### Burden-Bearers

The burden-bearers of the last years asked for a space where grief and exhaustion could be set down. I recorded the request exactly. Even the naming of it seemed to steady the room.

**REWARD**

Unlock The Resting Hall.

Complete: spend 1 Action while fulfilled. Remove timers and place unlocked Special Tile on this card.

GOLDEN BOON

### The Golden Bell

We found the bell beneath root and rubble, warm beneath the hand despite its long burial. When it rang across the Vale, even abandoned roads seemed to listen. Days later, strangers arrived by ways we thought forgotten.

**EFFECT**

When revealed, choose 3 unused Arrival Cards from the game box. Shuffle them, reveal 1 at random, and place it on the Stewards Board as an active Arrival with 3 timer tokens. Return the other 2 chosen Arrival Cards to the box. Then discard this card.

Golden Boon: extra reveal. Does not count toward standard Encounter reveals.
